This designates an area where a “family unit” can sit. Bright yellow tape has been wrapped around the rows of bleachers that are unavailable for seating. Each family unit should be 6 feet away from the next family unit in all directions. Handicap accessible seating is available on the first row of bleachers. Additional seating is marked with gold tape along the fence line at the north and south ends of the bleachers. To plan ahead, families may want to bring a lawn chair if they end up needing to sit in the overflow areas. Again, each family unit should be 6' away from the next. In these areas, no spectators should sit/stand on the sidewalk.
- Team benches will be set up to maintain social distancing.
